

KMZ TRADE

KMZ Trade Full Catalog

Industrial minerals, edible oils and sugar for international buyers, supported by structured documentation and controlled sourcing.

Public buyer overview	2026 Edition
Analysis report available	English

Analysis report available

Every listed product has an analysis report and a relevant document pack available. Public PDFs show a safe summary only; detailed files are shared directly by email.

Buyer information

This catalog gives purchasing teams a concise first review. Technical details, COA, assay reports, origin records and shipment documents are available and shared project by project after buyer verification.

Analysis report available

Every listed product has an analysis report and a relevant document pack available. Public PDFs show a safe summary only; detailed files are shared directly by email.

Product overview

Manganese Ore

Mn

Manganese ore for steel, ferroalloys and battery precursor supply, available with analysis certificate, origin documents and agreed sizing.

Main component	Manganese ore
Quality basis	Analysis report available
Delivery form	Ore / concentrate
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Steel, alloys, battery precursors

Lead Ore

Pb

Lead ore and lead concentrate for metallurgy, battery production and downstream processing with clear analytical documentation.

Main component	Lead ore
Quality basis	Analysis report available
Delivery form	Ore / concentrate
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Batteries, metallurgy, industry

Zirconium

ZrSiO₄

Zirconium-bearing raw material for ceramics, foundry, refractory production and technical applications with documented analysis.

Main component	Zirconium
Quality basis	Analysis report available
Delivery form	Mineral raw material
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Ceramics, foundry, refractory

Zirconium Silicate

ZrHfO₂

Zirconium silicate concentrate for ceramics, glazes, foundry and high-temperature applications with documented quality.

Main component	Zirconium Silicate
Quality basis	Analysis report available
Delivery form	Concentrate / mineral sand
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Ceramics, glazes, high temperature

Titanium TiO₂

TiO₂

Titanium dioxide feedstock for pigments, coatings, plastics and downstream industrial processing according to buyer requirements.

Main component	Titanium TiO ₂
Quality basis	Analysis report available
Delivery form	Raw material / concentrate
Packaging	Project-based volumes
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Pigments, coatings, plastics

Columbite

NbTa₂O₅

Niobium-tantalum bearing ore for specialty metals, electronic components and high-strength alloy applications.

Main component	Columbite
Quality basis	Analysis report available
Delivery form	Ore / concentrate
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Electronics, superalloys, niobium

Tin Ore

Sn

Tin ore and cassiterite concentrate for metallurgy, solder, alloys and industrial raw material sourcing.

Main component	Tin ore
Quality basis	Analysis report available
Delivery form	Ore / cassiterite concentrate
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Metallurgy, solder, alloys

Monazite Ore

(Ce,La,Nd,Th)PO₄

Monazite concentrate containing rare earth elements for specialized industrial buyers, supplied with verified documentation.

Main component	Monazite
Quality basis	Analysis report available
Delivery form	Mineral sand / concentrate
Packaging	Bulk or Big Bag
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Rare earths, technology, industry

Lanthanum

La

Lanthanum-bearing rare earth raw materials for catalysts, specialty glass, metallurgy and technical applications.

Main component	Lanthanum
Quality basis	Analysis report available
Delivery form	Rare earth raw material
Packaging	On request
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Catalysts, specialty glass, metallurgy

Lithium

Li

Lithium-bearing ore and spodumene concentrate for battery precursors, ceramics and technical supply chains.

Main component	Lithium
Quality basis	Analysis report available
Delivery form	Ore / spodumene concentrate
Packaging	Project-based volumes
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Battery precursors, ceramics

Coal

Coal

Coal for industrial energy, process heat and raw material demand; quality and logistics are aligned per project.

Main component	Coal
Quality basis	Analysis report available
Delivery form	Industrial coal
Packaging	Project-based volumes
Documents	Analysis report, COA, origin and shipment papers available on request
Applications	Energy, process heat, raw material demand

Sunflower Oil

Food grade

Refined sunflower oil for food industry, wholesale and gastronomy; available in 0.5 lt, 1 lt, 2 lt, 3 lt, 5 lt and 20 lt.

Main component	Refined sunflower oil
Quality basis	Analysis report available
Delivery form	0.5 lt, 1 lt, 2 lt, 3 lt, 5 lt, 20 lt
Packaging	Bottle, jerrycan, IBC, flexitank
Documents	Analysis report, specification, origin and shipment papers available on request
Applications	Food industry, wholesale, gastronomy

Palm Oil

Food / industrial grade

Palm oil for industrial food production, cosmetics and further processing, with sourcing and documentation aligned to customer requirements.

Main component	Palm oil
Quality basis	Analysis report available
Delivery form	By buyer requirement
Packaging	Flexitank, IBC or bulk
Documents	Analysis report, specification, origin and shipment papers available on request
Applications	Food, cosmetics, further processing

Olive Oil

Food grade

Olive oil for food trade, gastronomy and bottling projects; specification, packaging and origin are aligned to buyer requirements.

Main component	Olive oil
Quality basis	Analysis report available
Delivery form	By buyer requirement
Packaging	Bottle, jerrycan, IBC or bulk
Documents	Analysis report, specification, origin and shipment papers available on request
Applications	Food trade, gastronomy, bottling

Rapeseed Oil

Food grade

Rapeseed / canola oil for the food industry, wholesale and technical applications with flexible packaging concepts.

Main component	Rapeseed oil
Quality basis	Analysis report available
Delivery form	By buyer requirement
Packaging	Bottle, jerrycan, IBC or flexitank
Documents	Analysis report, specification, origin and shipment papers available on request
Applications	Food industry, wholesale, technical applications

ICUMSA 45 Sugar

ICUMSA 45

White ICUMSA 45 sugar of Brazil origin for the food industry, wholesale and export; packaging and documents follow buyer requirements.

Main component	ICUMSA 45 sugar
Quality basis	Analysis report available
Delivery form	Origin Brazil
Packaging	Bags, Big Bag or container load
Documents	Analysis report, specification, origin and shipment papers available on request
Applications	Food industry, wholesale, export
