Buyer Process

How KMZ Trade handles inquiries

1. RFQ

Product, quantity, destination port, Incoterm and target specification.

2. Qualification

Buyer and order profile reviewed before detailed documents are shared.

3. Documentation

Public summary first; complete COA, origin and shipment file after verification.

4. Offer

Price, packaging, loading window, payment terms and delivery route are aligned.

Controlled disclosure model

Report no.

Client / supplier

Sample ID

Exact origin

Full details are released only to verified buyers.
