

KMZ TRADE

Food Products Catalog

Edible oils and sugar
procurement overview for
qualified wholesale and
industrial buyers.

PUBLIC CATALOG WITH CONTROLLED DISCLOSURE

Product photos, buyer-facing summaries and key visible assay values are included. Sensitive report identity, exact sample codes and location details are intentionally withheld from the public version.

Product portfolio

This catalog is designed for first buyer review: enough technical and commercial information to qualify interest, without publishing sensitive operational details.

01 Sunflower Oil

Aycicek Yagi

02 Palm Oil

Palm Yagi

03 Sugar

Seker

Food

How buyers receive deeper documents

01**RFQ**

Product, quantity, destination port, target specification and Incoterm.

02**Qualification**

Buyer profile and commercial route are checked before sensitive data is shared.

03**Document Pack**

Public catalog first; complete COA, origin and supplier-sensitive documents after approval.

04**Offer & Shipment**

Price, packaging, loading window, payment terms and shipment file are aligned.
