

KMZ TRADE

Minerals Catalog

Industrial minerals with product photos, visible key values and controlled technical disclosure.

PUBLIC CATALOG WITH CONTROLLED DISCLOSURE

Product photos, buyer-facing summaries and key visible assay values are included. Sensitive report identity, exact sample codes and location details are intentionally withheld from the public version.

Product portfolio

This catalog is designed for first buyer review: enough technical and commercial information to qualify interest, without publishing sensitive operational details.

01 Manganese Ore

Manganez Cevheri

02 Lead Ore

Kursun Cevheri

03 Zinc Ore

Cinko Cevheri

04 Zirconium Sand

Zircon Sand

05 Monazite Ore

Monazite Cevheri

06 Columbite

Columbite

07 Ilmenite

Ilmenit

Mn

Manganese Ore

Manganez Cevheri

Manganese ore for steel, ferroalloys and industrial processing. Public values below are taken from buyer-facing analysis summaries; full COA is released only in a qualified buyer process

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
Mn	52.00 wt%
Fe	11.00 wt%
SiO ₂	13.42 wt%
Al ₂ O ₃	5.00 wt%
CaO	2.00 wt%
MgO	1.50 wt%
P ₂ O ₅	0.15 wt%

Applications

Steel, ferroalloys, battery precursor supply

Packaging

Bulk, containerized bulk or big bag

Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

Pb

Lead Ore

Kursun Cevheri

Lead ore / galena concentrate for metallurgical processing, battery-sector feedstock and smelting routes. Trace penalties and complete lab report details are available after verification

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
Pb	70.00 wt%
Zn	2.00 wt%
Fe	3.50 wt%
S	12.00 wt%
SiO ₂	4.00 wt%
Al ₂ O ₃	1.50 wt%
CaO	1.20 wt%
MgO	0.80 wt%

Applications

Metallurgy, batteries, downstream lead processing

Packaging

Bulk or big bag, lot details by agreement

Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

Zn

Zinc Ore

Cinko Cevheri

Zinc ore / concentrate for galvanizing, alloys and metal trading. Commercial documents can include public summary first, then detailed COA and shipment file when the buyer is qualified

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
Zn	50.17 wt%
Pb	3.23 wt%
Fe	6.20 wt%
S as sulfide	11.10 wt%
SiO ₂	4.35 wt%
Al ₂ O ₃	2.15 wt%
CaO	1.90 wt%

Applications

Galvanizing, alloys, zinc smelting and trading

Packaging

Bulk, big bag or container loading

Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

ZrSiO₄

Zirconium Sand

Zircon Sand

Zirconium mineral sand for ceramics, foundry and refractory applications. Public values show the key buyer-facing chemistry while report identity and exact origin remain controlled

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
ZrO ₂	64.41 wt%
HfO ₂	1.59 wt%
Total Zr/HfO ₂	66.00 wt%
SiO ₂	20.00 wt%
Fe ₂ O ₃	<0.76 wt%
TiO ₂	<0.58 wt%

Applications

Ceramics, foundry, refractory production

Packaging

Mineral sand in bulk or big bag

Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

(Ce,La,Nd,Th)PO4

Monazite Ore

Monazite Cevheri

Rare-earth-bearing monazite concentrate for specialized industrial buyers. Because the product may involve regulatory review, public documents intentionally stay high-level

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
Rare earth content	COA on request
Moisture	By lot
Sizing	By buyer requirement
Documentation	COA and origin file after verification

● Applications

Rare earths, specialty processing, technology supply chains

● Packaging

Project-based packaging and documentation

● Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

(Fe,Mn)Nb2O6

Columbite

Columbite

Niobium-tantalum bearing ore for specialty metals and high-strength alloy applications. Nb/Ta ratios and trace profile are handled through the verified buyer file

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
Nb/Ta values	Analysis on request
Form	Ore / concentrate
Moisture	By lot
Documents	COA, origin and export file

Applications

Specialty metals, electronics, superalloys

Packaging

Bulk, drums or big bags by project

Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

FeTiO3

Ilmenite

Ilmenit

Titanium-iron mineral for pigment, titanium feedstock and welding-related applications. Public information is commercial and technical without exposing supplier-level details

CONTROLLED PUBLIC SUMMARY

Full COA and sensitive identifiers available during verified buyer due diligence.

Visible key values / technical profile

Parameter	Public value
TiO2 / Fe profile	Analysis on request
Form	Ore / concentrate
Moisture	By lot
Documents	COA and shipment file

Applications

Pigments, TiO2 feedstock, welding electrodes

Packaging

Bulk or big bag by agreement

Documents

COA, origin file, commercial invoice, packing list and shipment documents by order.

How buyers receive deeper documents

01**RFQ**

Product, quantity, destination port, target specification and Incoterm.

02**Qualification**

Buyer profile and commercial route are checked before sensitive data is shared.

03**Document Pack**

Public catalog first; complete COA, origin and supplier-sensitive documents after approval.

04**Offer & Shipment**

Price, packaging, loading window, payment terms and shipment file are aligned.
